OVERVIEW

The Microfinance Association High Impact Leadership Program on Inclusive Finance will prepare you for the highest levels of global leadership.

The High Impact Leadership Programme provides managers with the tools and processes needed to meet their organisation's leadership challenges. Over five days, participants explore both 'macro' and 'micro' issues – from organisational structures, incentives and informal networks to managing performance and using feedback to enhance personal professional growth.

You will leave the program equipped with strategic insights, leadership skills, and a deep understanding of global business context needed to drive growth and profitability in a high-performing microfinance organization.

WHAT YOU WILL TAKE BACK

The program will make you a more effective leader with the toolkit to build a high-performing organization:

Develop a grand strategy for your corporation by understanding the competitive forces.

Persuade, influence, and negotiate expertly by honing your analytical and tactical abilities.

Evaluate and improve your firm's performance through financial analysis.

Gain perception on global business environments and financial factors, opportunities and risks in emerging markets, and policy barriers and incentives.
